A little wild, a lotta love

FLORALS and Fika
WEDDINGS

Graceful, wild, romantic blooms. Creating dreamy pieces, that are full of love, while celebrating the true beauty that Mother Nature holds. Using environmentally friendly methods. Designing statement pieces that bring energy into the space. Staying grounded and flowing with the seasons, we don't want to complicate flowers. They are literal magic on earth. Our medium. Our muse.

ethos

our design service

We offer luxury, garden-style flower arrangements for weddings in the Southern Highlands. Focusing on statement pieces, we curate our designs in reference to a clients brief and use the best quality ingredients from the market.

Items we design include personals (bouquets & buttonholes), ceremony features, table arrangements, ceiling installations and fireplace features.

Our work is wildly romantic, creating a space that reflects the couple. We use environmentally friendly measures and flow with the seasons to showcase the beauty that is Mother Nature.

No two weddings are the same. Therefore there is a no 'one size fits all' approach when it comes to pricing wedding flowers. We know pricing can be so confusing - that's why we're here to provide guidance on how to use your preferred price range wisely; where to spend money and where to save some money too!

Here is a guide to hopefully give you a better understanding on pricing:

\$2,000: intimate, elopements, micro-wedding

\$3,000 - \$5,000 - graceful, humble

\$5,000 - \$8,000 - romantic, abundant design

\$10,00+ - luxury design, overflowing with deluxe flowers

\$15,000 or more: the ultimate wedding package

Our approach:

Through a quick application and quote, we can come to a price point which suits you comfortably and fits the design brief nicely.

Then, 6-8wks prior to your wedding commences a final run-through, where we can fine-tune any design details.

As ideas tend to pop up throughout your year of planning, this takes away the stress of locking in any specific designs, and allows for flexibility in ideas.
